

Pre-Public Exams – Timetable For Y10, 11, 12 and 13

There are three slots on the calendar in November, March and June for pre-public exams. These are aimed at key stages 4 and 5. Obviously this increases the number of exams to be timetabled and so to decrease disruption to curriculum time the timetable has been organised into option groups.

You will need to know which option group you study the subject in (this info is on your timetable, eg 11.2Ar means you study Art in option block 2).

Study the timetable carefully and if you need any help ask your tutor.

If you are not involved in an exam you will need to bring some revision material to work on during that time. GOOD LUCK!
